Hey, here is Sabina Classen from HOLY MOSES, Germany. The events of the last

two days have shattered my sense of security and even reality. I cried today for the first time since a long time. I am beginning to comprehend the magnitude of the world situation now. This goes beyond music, beyond hatred.

beyond anger, into the realm of the unknown. I read my lyrics to Requiem for

Misanthropy, I realize to my horror that the "Insane Obsure Humanity"

(terrorism in the usa) is real. The whole song, it ***** happened I can't

believe it. "Brave captian at the helm blasts away in the realm" (the

impending retaliation) Down from the sky (the airliner). My fuckin` song to

my horror has come true!! What ever happens in the next several days and

weeks, something beyond life and death. I can`t write more - until now I

can`t find the right words for what I like to say. All I can say is my

thoughts are with the families and friends of anyone caught in this

senseless act of murder - worldwide. I hope the world politicians will not

do the wrong thing. Be carefull, please - take care of each other and pray

for the thousands who are still buried under tons of rubble in Manhattan and

Washington and worldwide in Terror acts. I am still in a shock - No words

can describe the feelings in my heart.
